## YOUTUBE

The Village of Homer Glen uses its YouTube channel primarily as an archive for Village Board meeting videos. Meeting videos are uploaded shortly after each regular and special meeting of the Board of Trustees at the Village of Homer Glen. Sometimes other videos produced by the Village will be hosted on the YouTube channel as well. It's a quick, convenient and free way to share videos important to the residents and businesses of Homer Glen, and these videos are frequently shared on Facebook and linked to from the Village's website agenda and meetings center.
