VILLAGE OF HOMER GLEN SALES TAX ECONOMIC DEVELOPMENT INCENTIVE POLICY.

Homer Glen welcomes opportunities for business growth and economic development. Businesses and developers are encouraged to contact the Village's Economic Development Department staff for assistance regarding their interest to locate/build in or expand within the Village of Homer Glen. The Village's Economic Development Department staff can help provide guidance regarding initiating consideration for an economic incentive.

The following SOP shall establish a sales tax economic development incentive (hereinafter "economic incentive") policy for the Village of Homer Glen. The policy shall express the intent of the Village regarding entering into economic incentive agreements

with business entities proposing to open sales tax generating businesses in Homer Glen.

Requests for economic incentives will be considered, on a case-by-case basis, based on the merits of the individual proposal. This policy provides a framework to ensure consistency and fairness in the consideration of economic incentive proposals. The Village's intention will be to provide a minimum amount of assistance needed to realize desirable economic growth in light of long term value and community impacts.

Village Goal

The primary goal for the use of economic incentives is to realize quality projects which will generate substantial new sales tax revenues for the Village. Typically, said projects would not occur without the Village's economic incentive.

Type of Incentive

Sales tax rebate as a portion of new revenue to be generated by the proposed project from the 1% Local Sales Tax.

General Guidelines For Structuring Incentive Agreements In Homer Glen

Economic incentive agreements should address the provisions shown below:

- **Dollar Amount:** The amount of new 1% Local Sales Tax dollars generated by the proposed project and shared under an economic incentive agreement should not exceed the amount retained by the Village of Homer Glen in any given year.
- **Term:** The maximum term of an economic incentive agreement shall be ten (10) years.
- **"But For" Standard:** A finding of financial necessity in that the applicant would not build the proposed project without ("but for") such incentive.
- **Ownership:** The developer must retain ownership of the overall project until final completion.
- **Milestone Schedule:** The agreement may identify a timetable for construction completion and phased occupancy, as appropriate to a given project.
- **Business Commitment:** A commitment for business occupancy equal to or beyond the term of the incentive.
- **Ineligible Project Costs:** Expenses incurred prior to approval of the project and soft costs such as legal, architectural or engineering consultant fees are not considered eligible project costs for use of an economic incentive.

- **Claw-Back**: Provision for the Village to receive reimbursement of a pro-rated share of the incentive based on specified time periods should a business associated with an economic incentive cease to operate during the term of the incentive.

Final Authority

The Village Board has final authority to negotiate the terms of any economic incentive or to deny approval of an incentive request. The preceding guidelines do not limit Village Board action.
