Re: Proposed Water Agency

Leroy J. Brown
Deputy Mayor
& Village Trustee

Dear Karla:

On behalf of the 5 communities investigating the possibility of creating a water agency, I would like to ask whether Illinois American Water/American Lake Water would be interested in meeting with the communities to discuss rates, performance and service issues.

We have talked on numerous occasions over the past ten years. However, during the recent legislative session, IAWC told members of the House and Senate that on many occasions IAWC attempted to meet with us to no avail. I felt then and still do feel that those comments were merely an attempt to stall the process.

As you will remember last fall or spring, we were scheduled to meet and we were informed IAWC was going to have Baker Donelson come and tell us what a mistake we were making. We have no interest in a meeting to hear that message again.

I would also like to state that IAWC's use of local media and direct mailers, at this time, is counterproductive to any positive dialogue.

If IAWC is interested in meeting, would you provide me with a list of three dates at the end of October or early November when you would be available to meet with all the Mayors in one of our communities.

James S. Boan
Village Attorney

If we do meet, we would like an agenda agreed upon prior to the meeting and we don't see a reason to include any of the lobbyists used in Springfield in our meeting. I await your response.

Sincerely,

Roger C. Claar
